Tom reviewed insurance again and there is concern about the cost for employees. After much discussion and Tom’s analysis it was suggested to add 4% increase on medical to the package. The April COLA was 9.7%. Randy asked how we address the health and Tom suggested we ask for \$1.87 per hour on health. Adam agreed and also urged that we request use of the West Coast CPI instead of the US average as we are way ahead of the curve. Randy suggested we work with all other Unions going forward to get it done. It was recognized that it is unlikely this time and our focus will be on equities. There were further discussions and Dee will do the current summary for the next meeting.
